 - Responsibilities & Skills– bullet points; what is the skill and how you used it
 - Dates:
 - Current involvement should be listed as through the end of this semester (May 2019)
 - Employment that was exactly the same for multiple summers should include the entire date range (June 2014 – August 2016), with the word “Summers” at the top of the skills section
- Academic & Major Field of Study Goals (*will not influence admission decision*)
 - Highest intended level of education
 - Intended Broad major

Experiential Profile

- Tips for Success!
 - Use MSU services/resources
 - Practice business writing (not creative/fiction writing) – clear, concise, complete
 - Write in your own voice – the reader can tell if you are using someone else’s words. This is your opportunity to tell us about yourself.
 - This does not need to be framed like an internship/employment interview.
 - It may be helpful to think of this as a written version of a college admission interview. What do you want the reader to know about you (as related to the specific question)?
 - Answer all parts of the question/prompt
 - Quality counts – grammar, spelling, mechanics; college-level writing is expected.
 - Proofread, proofread, proofread
- Take this portion of the application process seriously – strong grades are not the only factor in the admission decision.

Personal Statement

- The personal statement of extenuating circumstance is an opportunity for a student to share **a circumstance beyond his/her control which impacted academic performance**. Official supportive documentation of the extenuating circumstance must be submitted to admissions@broad.msu.edu.
- Examples of reasons to write a personal statement:
 - Medical illness
 - Family emergency
- *The desire to pursue a Broad degree with no other extenuating factors is not a reason for a personal statement; this is assumed based on the act of applying.*

Transfer Credit

- Declare current dual enrollment in the application system
 - Institution name, course code, number of credits, end of semester date
 - **ONLY COURSES YOU ARE TAKING IN SPRING 2019**
- Credit from prior semester courses must be reflected on your academic record as “accepted credit” by May 7. Unofficial documentation cannot be accepted.
- Repeating MSU courses (0.0-1.5) through transfer credit
 - Once transcript is applied to your academic record, the original course grade will be removed from your GPA (and precore GPA, if it is a precore course)
 - Grade from the other institution is not used in GPA calculations

Transfer Credit

- Documentation of course completion with a transferrable grade must be submitted to the Admission Coordinator (admissions@broad.msu.edu) by 8:00pm, May 8.
 - Acceptable: Screenshot of final semester grade (like STUINFO) or electronic unofficial transcript
 - Unacceptable: letters from instructors/school officials, semester progress grades, D2L-style gradebook screenshots
- Courses that end and/or grades that are not made available until after the May 8 deadline will not be considered in the decision for Spring 2019. Students who choose to complete courses that do not meet this deadline must apply in the next available application period.
- **Official** transcripts (showing final grades) must be sent to the Office of Admissions (NOT the Broad College).

Considerations If Reapplying

- Improve your GPA
 - Repeat courses, if possible (20 repeat credit maximum)
 - Take a reasonable course-load this semester to ensure maximum GPA improvement through high grades
 - Use academic support services (tutoring, workshops, help rooms, study sessions, office hours)
- Strengthen your Experiential Profile
 - Use the resources outlined in this presentation
 - Proofread, proofread, proofread
 - The questions are different – don't wait until the last minute to start writing.
- Remember that this is a different admission cycle, so non-academic factor ratings, average GPAs and admission point cut-offs will be different
- You must complete a new Case Study and Experiential Profile THIS SEMESTER – responses from previous semesters are not saved, and scores from previous semesters will not be used.

Myths and Urban Legends

- **Only grades matter.**
 - While cumulative and precore GPAs are weighted, collectively, heavier than the non-academic factors, the Experiential Profile and Case Study together account for close to 1/3 of the total possible points. Admission is unlikely without strong performance in all areas.
- **My answers to the Experiential Profile essay questions must be related to business or my intended major.**
 - This is not an expectation, and is likely related to the previously required profile questions (which were changed beginning Fall 2017).
- **You get extra points for attending an info sessions/workshop/advising appointment.**
 - While we track attendance at such events, it is for planning purposes, and to document your attendance so we are aware of your level of exposure to the admission process. No points are associated – but it is in your best interest to be as informed as possible.
- **You can't apply if you have more than 56 credits/have already applied once, twice, etc.**
 - The Broad College does not limit access to the application based on credit total (once you meet the minimum application requirements), current major, or number of previous applications.

Myths and Urban Legends

- **It's easier to get admitted in ____ semester.**
 - Both fall and spring semester applicant pools are very large and very competitive. While this may have been a recommended strategy in the distant past, it is poor advice given the large number of students now seeking admission to Broad.
- **There are “practice Case Study” sessions.**
 - The Broad College does not facilitate such sessions. If you hear of such an event, be aware that it is not administered or sanctioned by Broad, and the advice you get may be incorrect.
- **You need __ employment/activities entries on the Experiential Profile**
 - Beyond needing one of each type of experience, there is no minimum or maximum number of employment/activities required.

It is best to seek advice from Broad advising staff regarding the admissions process. Changes to the criteria, requirements, scoring, and procedures occur periodically, and older students may not be aware of such updates, and so may be unknowingly giving you incorrect advice. Please see a Broad advisor if you have questions.
