

## That Hit the Spot 2024: ADR Series Part 1

*John R. Hollenbeck, Associate Dean for Research and Natalie DeVolder, Research Administrator*

The current Strategic Plan for Research and Scholarship highlights a set of journals that are strategically targeted by the Colleges and Units. At the pinnacle of this list is a set of journals that are strategically targeted by both the College and the Units. We refer to these as FT\*, where the FT stands for the Financial Times 50 List (the college is annually ranked on this widely cited list and so it is a strategic priority for the college) and the \* indicates that this journal is also a top priority for the Units. We would like to recognize the publications that “Hit the Spot” on the FT\* list for the period between January 1, 2024 - December 31, 2024, according to the Web of Science. Author affiliations listed in the Web of Science determined the faculty to be included.

*In terms of trends, the school had 31 FT\*s this year, up from 19 last year.*
