What Does “Competitive Admission” Mean?

• Admission to Broad is competitive, and seats are limited
• Competitiveness of admission is determined by the pool of applicants, and varies each semester.
• Factors impacting competitiveness that are OUTSIDE of your control:
  • Size of overall applicant pool
  • Academic competitiveness of overall applicant pool
  • Number of available seats (determined at the end of each admission period just prior to admission decisions)
  • Final minimum score required for admission this semester
• Factors impacting competitiveness that are WITHIN your control:
  • Your academic performance/grades
  • Your use of available resources to learn about and prepare for the non-academic parts of the application
What Does “Competitive Admission” Mean?

• Maximum point totals for each admission factor:
  • Cumulative GPA: 59
  • College Precore GPA: 59
  • Experiential Profile: 30
  • Case Study: 24
  TOTAL: 172

• Minimum score required for admission changes every semester

• Fall 2019 minimum score required for admission: 144
  • This is NOT a guaranteed admissible score for future semesters.
Academic Factors

• Completion of 28 credits (minimum)
• Completion of CSE 102
• Cumulative GPA (only MSU grades are used)
• College Precore GPA
  o STT 200/201/315
  o Tier 1 Writing Course (WRA 101)
  o EC 201 or EC 202
• Cumulative GPA and College Precore GPA equally weighted
  o 59 points maximum for each
• Apply DURING the semester in which you will complete the academic requirements
**Academic Factors**

- Approved substitutions for required courses
  - **CSE 102**: EGR 102, CSE 220, CSE 231, CMSE 201; CSE waiver exam (contact the CSE department with waiver exam questions)
  - **WRA 101-195H**: LB 133, MC 111, MC 112, RCAH 111
  - **STT 200/201/315**: STT 231, STT 441, PSY 295
  - **EC 201/202**: EC 251H, EC 252H

- Transfer College Precore Courses
  - All precore completed in transfer = transfer grades used
  - One precore completed at MSU = transfer grades will be reviewed
  - Two or more precore completed at MSU = only MSU grades used
Academic Factors

• I took both EC 201 & 202; which EC grade will be used?
  o If both EC courses are completed at MSU, both courses/grades will be factored into the College Precore GPA

• I took both STT 200 & 315; which grade will be used?
  o The first chronological non-repeatable grade earned in a precore course will be used (substitute course grades completed later cannot be used).
    • Example: Spring 2020 grade in STT 315 cannot replace Fall 2019 Grade in STT 200

Experiential Profile

- **Tips for Success!**
  - Use MSU services/resources
  - Practice business writing (not creative/fiction writing) – clear, concise, complete
  - Write in your own voice – the reader can tell if you are using someone else’s words. This is your opportunity to tell us about yourself.
  - This does not need to be framed like an internship/employment interview.
  - It may be helpful to think of this as a written version of a college admission interview. What do you want the reader to know about you (as related to the specific question)?
  - Answer all parts of the question/promp
  - Quality counts – grammar, spelling, mechanics; college-level writing is expected.
  - Do not wait until the last minute to add content
  - If you leave the application open on your device, you may time out and new content will not be saved (there are messages that pop up) – always double-check by logging back in and viewing your content.

- Take this portion of the application process seriously – strong grades are not the only factor in the admission decision.
Mandatory Reporting Disclaimer

Information submitted for the Broad College admission process is generally considered confidential pursuant to the University's student record policies. However, students should be aware that University employees, including the Admissions Coordinator, might not be able to maintain confidentiality when it conflicts with their responsibility to report certain issues to protect the health and safety of MSU community members and others. The Admissions Coordinator must report the following information to other University offices (including the MSU Police Department) if you share it via the application process:

- Suspected child abuse/neglect, even if this maltreatment happened when you were a child
- Allegations of sexual assault or sexual harassment when they involve MSU students, faculty, or staff
- Credible threats of harm to oneself or to others

These reports may trigger contact from a campus official who will want to talk with you about the incident that you have shared. In almost all cases, it will be your decision whether you wish to speak with that individual. If you would like to talk about these events in a more confidential setting, you are encouraged to make an appointment with the MSU Counseling Center.

1. What level of education do you expect to achieve during your lifetime? (Informational purposes only; responses will not influence the likelihood of admission)
   Please select your response

2. As of today, what is your intended Broad major? (Informational purposes only; responses will not influence the likelihood of admission)
   Select from the available options.

3. Why did you decide to pursue admission to the Broad College? What influenced this decision? (250 word limit)
Personal Statement

• The personal statement of extenuating circumstance is an opportunity for a student to share a **circumstance beyond his/her control which impacted academic performance**. Official supportive documentation of the extenuating circumstance must be submitted to admissions@broad.msu.edu.

• Examples of reasons to write a personal statement:
  o Medical illness
  o Family emergency

• *The desire to pursue a Broad degree with no other extenuating factors is not a reason for a personal statement; this is assumed based on the act of applying.*
Transfer Credit

- Repeating MSU courses (0.0-1.5) through transfer credit
  - Once transcript is applied to your academic record, the original course grade will be removed from your GPA (and precore GPA, if it is a precore course)
  - Grade from the other institution is not used in GPA calculations

- Credit from prior semester courses must be reflected on your academic record as “accepted credit” by May 5. Unofficial documentation cannot be accepted.

- Declare current dual enrollment in the application system
  - Institution name, course code, credit number, semester end date
  - ONLY NON-MSU COURSES YOU ARE TAKING IN SPRING 2020
Transfer Credit

• Documentation of course completion with a transferrable grade must be submitted to the Admission Coordinator (admissions@broad.msu.edu) by 8:00pm, March 6.
  o Acceptable: Screenshot of final semester grade (like STUINFO) or electronic unofficial transcript
  o Unacceptable: letters from instructors/school officials, semester progress grades, D2L-style gradebook screenshots

• Courses that end and/or grades that are not made available until after the March 6 deadline will not be considered in the decision for Spring 2020. Students who choose to complete courses that do not meet this deadline must apply in the next available application period.

• Official transcripts (showing final grades) must be sent to the Office of Admissions (NOT the Broad College).
Considerations If Reapplying

- **Improve your GPA**
  - Maximize repeat courses, if applicable
  - Take a reasonable course-load this semester to ensure maximum GPA improvement through high grades
  - Use academic support services (tutoring, workshops, help rooms, study sessions, office hours)

- **Strengthen your Experiential Profile & Case Study**
  - Use the resources outlined in this presentation
  - Proofread, proofread, proofread
  - The Case Study scenario/questions are different each semester.

- Remember that this is a different admission cycle, so non-academic factor ratings, average GPAs and admission point cut-offs will be different

- You must complete a new Case Study and Experiential Profile THIS SEMESTER – responses from previous semesters are not saved, and scores from previous semesters will not be used.

Myths and Urban Legends

• **Only grades matter.**
  • While cumulative and precore GPAs are weighted, collectively, heavier than the non-academic factors, the Experiential Profile and Case Study together account for close to 1/3 of the total possible points. Admission is unlikely without strong performance in all areas.

• **You get extra points for attending an infosession/workshop/advising appointment.**
  • While we track attendance at such events, it is for planning purposes, and to document your attendance so we are aware of your level of exposure to the admission process. No points are associated – but it is in your best interest to be as informed as possible.

• **You can’t apply if you have more than 56 credits/have already applied once, twice, etc.**
  • The Broad College does not limit access to the application based on credit total (once you meet the minimum application requirements), current major, or number of previous applications.

• **Only ___% of applicants are admitted.**
  • The admit percentage varies each semester, dependent on the size of the applicant pool and the number of available seats. Previous semester admit percentages ranged from 43% to 62%.
Myths and Urban Legends

• It’s easier to get admitted in _____ semester.
  • Both fall and spring semester applicant pools are very large and very competitive. While this may have been a recommended strategy in the distant past, it is poor advice given the large number of students now seeking admission to Broad.

• There are “practice Case Study” sessions.
  • The Broad College does not facilitate such sessions. If you hear of such an event, be aware that it is not administered or sanctioned by Broad, and the advice you get may be incorrect.

• You need ___ employment/activities entries on the Experiential Profile
  • Beyond needing one of each type of experience, there is no minimum or maximum number of employment/activities required.

It is best to seek advice from Broad advising staff regarding the admissions process. Changes to the criteria, requirements, scoring, and procedures occur periodically, and older students may not be aware of such updates, and so may be unknowingly giving you incorrect advice. Please see a Broad advisor if you have questions.
